

Anniversary Seminar

In July we were lucky to have our Chief-Instructor Si-Fu Emin here in Vancouver for a 3-Day seminar.

We greeted participants from within BC, from Washington and even from Alberta who came to celebrate with us the 5th Anniversary of WingTsun in Canada.

5 years ago Sifu Emin gave the first WT seminar in Victoria on Vancouver Island (▶ read the training notes on our web site). 5 years ago I began to teach in Vancouver and founded then the first Canadian WT branch.

In Canada

The WingTsun and the Escrima units were almost equally popular. Many of our students used the opportunity to sign up for various student tests. Only a successful test qualifies one to resume in the next higher student program.

We congratulate all of the students who passed successfully their tests in WingTsun and Escrima!

Si-Hing Chris Chinfen, Assistant Trainer at WT Vancouver is the first Canadian WT student to pass the 10th student level and acquire the official AWTO Trainer License, which also required an extensive theory test. Si-Je Victoria Haenel passed her 4th and 5th WT test as well as the 1st and 2nd Escrima test. Dwight Epp received his 4th level WT, Dave Johnstone the 3rd level WT, Gary Hughes and James Baldwin who have been with us for quite some time were allowed to test for the 1st, 2nd and 3rd student level WT and succeeded.

Rob Spratt went as everyone else through a tough test to receive his 1st and 2nd student level WT. Our student Ron Nilsson from Powell River passed the 1st student level WT.
